Subject: Letter of Resignation – Effective Aug 1, 2019

Dear University of Connecticut Board of Trustees,

Since 2014, it has been with great pride that I have called UConn and Connecticut my home. I bought my first home here, became engaged to my wife Kristen here, and our two daughters Carmella and Sabrina were born here. For the past year it has been my pleasure to serve as the elected graduate student on the Board of Trustees. I have learned much from my fellow board members, the administration, faculty members, and students.

In my tenure at UConn I have benefited from my experiences as an undergraduate and graduate student, where I had the opportunity to serve in Undergraduate Student Government and Graduate Student Senate representing commuters, veterans, and students at large. Academically the History Department and the Public Policy Departments have been my home, where countless role models and mentors have helped me along the way. I’ve also learned so much professionally from the office of Veterans Affairs and Military Programs, where I have worked since 2014 – first on federal work study, then student employment, and finally special payroll.

Today I am submitting my resignation from the Board of Trustees on a positive note. I have accepted a position as the inaugural Director of Veteran Services at the University of Dayton in Ohio. UD is a nationally ranked, private non-profit, Marianist university. In this new position I feel I can do the most good, helping to spearhead veteran programming, recruiting & retention, and benefits initiatives. I will sincerely miss UConn, and all my friends, professional colleagues, and constituents. Having recently completed my Masters in Public Administration, I will soon withdraw from the graduate program in History at UConn.

UConn does so much good for so many people. Our faculty research is beyond reproach, our athletics are strong, and our students are outstanding. My outgoing requests to the university are to always put our students first. Strengthen our teaching along with our research. Be fiscally conservative with salaries, infrastructure projects, and even athletics. Bring even more value back to CT tax payers. We are a flagship research university, but we are also a state school – so balance that wisely. Fear the impacts of raising tuition and exercise great restraint in temptations to do so. Support student research and student journalism. Assist international students in their efforts to gain work visas after graduation. Keep our veteran and military programs strong, and push them to be even better. Establish even better programming for non-traditional students. Support the Graduate Student Senate. Continue to support public safety. Be innovative in finding new streams of revenue. Be transparent, and finally - please, work on improving student parking.

Thank you to my family, friends, colleagues, and constituents for providing me with this great opportunity to serve on the board. I hope I have served UConn, the state, and students well. Go Huskies!

Very Respectfully,

Samuel D. Surowitz
Graduate Student Trustee
