RE: Project Budget for the UConn Health CGSB and ARB Autoclave and Washer Replacement (Final: \$1,200,000)

RECOMMENDATION:

That the Board of Trustees approve the Final Budget in the amount of \$1,200,000, as detailed in the attached project budget for the UConn Health CGSB and ARB Autoclave and Washer Replacement Project.

RESOLUTION:

“Be it resolved that the Board of Trustees approve of the use of \$1,200,000 from UConn Health Research IDC Capital for the UConn Health CGSB and ARB Autoclave and Washer Replacement Project and; approve the request for a waiver of the three-stage budget approval process to allow procurement of equipment to proceed prior to scheduled price increases in January 2023.”

BACKGROUND:

UConn Health research facilities located in the Cell and Genome Science Building (CGSB) and the Academic Research Building (ARB) utilize specialized autoclaves and washers to clean and sterilize laboratory instruments and containers as required per research practices. Several autoclaves and washers in the CGSB and ARB have reached the end of their service life and can no longer be effectively repaired. This project will replace the broken autoclaves and washers along with necessary support equipment.

Quotes have been received from vendors for the equipment replacement. Pricing is scheduled to increase in January 2023.

The Final Budget is attached for your consideration. The Final budget reflects quotes received from vendors. This Final Budget is anticipated to be approved by the UConn Health Board of Directors at their meeting on December 5, 2022.
