RE: Naming Recommendation for Susan V. Herbst Hall

RECOMMENDATION:

That the Board of Trustees rename Oak Hall on Storrs Campus as “Susan V. Herbst Hall.”

BACKGROUND:

Susan V. Herbst served with distinction as UConn’s President from 2011 to 2019. Her tenure was defined by growing academic and research strength, investments in faculty and student support, ever-increasing rates of student success, a rising national reputation, dramatic increases in applications and student enrollment, increased diversity within the student body, philanthropic success, investments in campus facilities and the opening of important new facilities, major revenue growth at UConn Health, the establishment of a large and vibrant new campus in downtown Hartford, monumental investments in UConn by the State of Connecticut through NextGen Connecticut and Bioscience Connecticut, and the overall modernization of the university and many of its operations, to name only a few.

Hers was one of the most eventful and consequential presidencies in the University’s history.

Though she had numerous senior administrative appointments in her career and generated the accomplishments to match, President Herbst always remained, at her core, a professor. Even with the myriad responsibilities of being a president crowding her schedule day and night, she still found the time to teach undergraduate courses at UConn during multiple semesters during her tenure. She returned to being a full-time scholar and teacher after stepping down as president and continues to teach, mentor students, and produce new scholarship.

As both a faculty member and as president, President Herbst placed enormous value on the role of American colleges and universities in our free and democratic society and on the importance of academic life and achievement among both faculty and students – always defined by exploration, discovery, and innovation.
President Herbst relishes the intellectual give-and-take found in a classroom (or in any venue), spirited debate, posing challenging questions and leading discussions designed to provoke truly thoughtful interactions, and the process of pushing students to strive, grow, and achieve academically and personally.

Oak Hall opened in August 2012, and sits in the historic core of UConn’s Storrs campus. The 132,197 GSF square foot building is comprised of 30 classrooms and 97 faculty offices and is home to many of UConn’s social sciences and humanities departments. This vast and modern space greatly enhanced student and faculty life and UConn and generations of Huskies will walk through its halls and learn in its classrooms in the decades to come.

In recognition of President Herbst’s distinguished service and proud record of accomplishment as President; her highly successful academic and institutional leadership; her actions and decisions made in support of our students, faculty, staff and all of UConn Nation; and her tireless work to ensure that UConn is home to exceptional facilities on beautiful campuses, we recommend that Oak Hall be renamed “Susan V. Herbst Hall.”

RE: Modification of the Carole and Ray Neag Innovation Professorship

RECOMMENDATION:

That the Board of Trustees, as approved by the donors, discontinue the Carole and Ray Neag Innovation Professorship in the School of Medicine, previously approved on June 30, 2021, and relocate all funds to the Carole and Ray Neag Innovative Research Awards.

BACKGROUND:

On May 10, 2021, Carole Neag pledged a gift to support an endowed professorship for a faculty member specializing in transformational research in the School of Medicine. The Board established the professorship in recognition of the Neags on June 30, 2021.

On September 15, 2022, Dr. Bruce Liang, Dean of the School of Medicine, requested to discontinue the Carole and Ray Neag Innovation Professorship and relocate the funds to the Carole and Ray Neag Innovative Research Awards to achieve a broader impact. On November 1, 2021, the donor approved the request.

BACKGROUND:

The new Plant and Soil Health Center is an opportunity to bring together the University of Connecticut’s public-facing agricultural services and to create a new flexible, collaborative, laboratory space for CAHNR. This project renovates a currently unusable space, the annex of the Roy E. Jones Building, and helps fulfill the University of Connecticut’s mission as a land-grant university to connect the public with our research and resources. The new Center will be ideally located, neighboring the UConn Dairy Bar, consistently chosen as one of the top destinations in the state of Connecticut, and close to the picturesque Horsebarn Hill, with access to natural walking trails and paths.
The new Plant and Soil Health Center is an incredible project that will bring together several existing and physically separated service centers already established at the University of Connecticut, including the UConn Home and Garden Education Center, the UConn Plant Diagnostics Lab, the UConn Turf Diagnostics Lab, and the UConn Soil and Plant Nutrient Analysis Lab. Co-housing these service centers and creating a new public learning space that goes from inside to outside will allow for integration of research, teaching, and Extension to fulfill the tri-partite mission of the University of Connecticut. Collectively, the newly renovated space will be a hub of activity for students and the public to learn about the importance of agriculture and to address issues on feeding the future, protecting our environment, and interacting with nature. For example, demonstration gardens and displays will be available to learn about various soil types and plants. It will also provide a space for the public to learn about the latest plant pests and pathogens and to access diagnostic services to improve plant production. Currently, these physically separated service centers collectively process over 14,000 soil samples, 350 plant diagnostic reports, and countless phone calls and in-person visits to serve the public and the agricultural industry of our state. Additionally, a new research innovation lab will be created to give researchers a flexible laboratory space to conduct project-based experiments. This much-needed space is necessary to answer some of the most pressing agricultural questions and challenges facing our state and nation.

This new space will provide a key and lasting impact for the future of Connecticut through the inspiration of the next generation and direct impacts on the economy through support of the agricultural industries and natural environment that rely upon healthy plants and soil.

RE:   Proposed Statement of Work for the UConn Foundation for Fiscal Year 2024

RECOMMENDATION:

The University recommends that the Board of Trustees approve the resolution below authorizing the University to enter into a Statement of Work (SOW) for Fiscal Year 2024 with the University of Connecticut Foundation, Incorporated (the “UConn Foundation”).

RESOLUTION:

RESOLVED, that the University's President and administration are authorized to execute and deliver a SOW for Fiscal Year 2024 with the UConn Foundation on the terms described below and such other terms as may be deemed advisable and in the best interest of the University by the University's President and administration; and

RESOLVED, that the University's President and administration are hereby further authorized to execute, deliver and perform, in the name of and on behalf of the University, such certificates, instruments, documents and agreements as each of them may deem necessary, useful or required in furtherance of the foregoing resolution.

BACKGROUND:

The University has entered into a Master Agreement with the UConn Foundation in satisfaction of the requirements of Connecticut General Statutes§ 4-37f(9). This agreement details the University's relationship with the UConn Foundation and sets forth the UConn Foundation's responsibilities for performing development, investment and other services in support of the University. The UConn Foundation is a private organization, exempt from taxation under Section 50l(c)(3) of the Internal Revenue Code of 1986, as amended, that operates exclusively to promote the educational, research, cultural, and recreational objectives of the University.
The Master Agreement requires, among other things, that the University enter into an SOW with the UConn Foundation outlining specific goals and objectives and the financial consideration to be provided by the University. The current SOW expires on June 30, 2023.

The proposed SOW with the UConn Foundation sets forth the fundraising, investment management, alumni relations activities and other related goals and objectives for Fiscal Year 2024. The goals and objectives established for next year include the following:

- A fundraising goal of $125 million in new gifts and commitments for the University (including support for UConn Health)
- Continuation of a goal aimed at increasing scholarships and need-based financial aid for University students
- Increased donor engagement
- Providing quality alumni programs and services that strengthen lifelong bonds between all members of the UConn family and
- Continued planning and preparation for a significant and concerted fundraising campaign for the benefit of the University

In consideration for the UConn Foundation's performance of these services during the next fiscal year, the University has agreed to pay the UConn Foundation $13,500,000 for development and alumni activities and related services which includes a minimum amount of $2,835,201 to be devoted specifically to alumni relations activities and services.
Statement of Work FY24

This Statement of Work FY24 (this “SOW”), effective the 1st day of July, 2023, is made between THE UNIVERSITY OF CONNECTICUT (“University”), Connecticut’s land grant university, whose statutory authority is set forth in Chapter 185b of the Connecticut General Statutes, and THE UNIVERSITY OF CONNECTICUT FOUNDATION, INCORPORATED (“Foundation”), a Connecticut nonstock corporation that is exempt from taxation under 501(c)(3) of the Internal Revenue Code of 1986, as amended.

The University and the Foundation have entered into a Second Amended and Restated Master Agreement dated July 1, 2020 (the “Agreement”) under which the Foundation has responsibility for fundraising efforts for the benefit of the University, management of endowment and other funds designated to benefit the University and for performing alumni relations activities in support of the University.

The Agreement stipulates that the University and Foundation will from time to time, but in no event less frequently than once every five (5) years, enter statements of work which outline the specific fundraising, investment management and alumni relations activities goals and objectives that the University and Foundation have agreed upon and the consideration to be provided to the Foundation each fiscal year. This SOW covers the period from July 1, 2023 through June 30, 2024 (“FY24”) (“Period”).

1. Payments

The University agreed to provide certain in-kind consideration to the Foundation for its services under the terms of the Agreement. In addition to agreeing to provide such in-kind consideration, the University further agrees to provide the following consideration to the Foundation for the Period:

a) FY24 Service Fee: The University will pay a guaranteed amount to the Foundation of Thirteen Million Five Hundred Thousand Dollars ($13,500,000) during FY24 for development and alumni activities and related services, which payment will be made quarterly in advance in equal installments during the FY24. Of this total amount, the University and the Foundation agree that a minimum amount of Two Million Eight Hundred Thirty-five Thousand Two Hundred and One Dollars ($2,835,201) will be devoted specifically to alumni relations activities and services.

b) Other Fees: The University agrees that Foundation operations will also be funded during the Period by an Advancement Fee, a Gift Fee on non-endowed contributions, and retention of earnings on non-endowed Foundation assets.

   1) The Foundation will assess and retain an Advancement Fee, as reasonably determined by the Foundation, on all endowment assets (University and Foundation assets) invested by the Foundation. The Foundation’s Advancement Fee is calculated annually on a quarterly basis (“Calculation Date”) and presently equals one and three-quarter percent (1.75%) of the rolling prior twelve (12) quarter average unitized market value of the long-term pooled investment portfolio multiplied by the number of units held by each endowed fund. The Advancement Fee owing to the Foundation will be transferred to Foundation operating funds in four equal installments as of the first day of each quarter following the Calculation Date (April 1st, July 1st, October 1st, and January 1st).

   2) The Foundation will assess and retain Gift Fees on all non-endowed gifts deposited in the Foundation, as reasonably determined by the Foundation. The Foundation’s Gift Fee for non-endowed gifts is presently five percent (5%) of the value of the gift as of the date of receipt. Twenty-five percent (25%) of any non-endowed gift fee (or 1.25%) may be transferred to Foundation operating accounts supporting the school, college or unit supported by the fund to which the original gift was designated. The remaining seventy-five percent (75%) of any non-endowed Gift Fees (3.75%) is retained by the Foundation to support its operations.

   3) The Foundation will retain all investment earnings on non-endowed Foundation assets.
c) **Fee Modifications and Waivers:** The Foundation, from time to time, may change its Advancement Fee and Gift Fee policies and will notify the University, in writing, of any changes made during the Period. The Foundation will also provide written notice to the University of any Advancement or Gift Fee reduction or waiver that is approved during the Period in accordance with its policies for any gift accepted in an amount greater than or equal to Ten Million Dollars ($10,000,000).

2. **Foundation Mission**

The Foundation is an independent, not-for-profit, tax-exempt organization operating exclusively to promote the educational, scientific, cultural, research and recreational objectives of the University of Connecticut (inclusive of the University’s Health Center). This is accomplished by providing quality programs and services for its alumni and supporters, and by serving as the primary fundraising vehicle for the University. The Foundation solicits, administers, and invests private funds for the sole benefit of the University and its mission of pursuing excellence in teaching, research, and public service.

3. **Fundraising and Alumni Engagement Goals and Benchmarks**

In consideration of the compensation provided to Foundation by the University under the terms of the Agreement and this SOW, the Foundation, consistent with its mission, agrees as follows:

The Foundation will continue its efforts to increase total private gift revenue to achieve One Hundred and Twenty-Five Million Dollars ($125M) in new gifts and commitments for the University (inclusive of support for UConn Health) over the Period, such amount to be calculated in accordance with the Foundation’s reasonably established gift counting policy, as amended from time to time. The parties acknowledge and understand that achieving this target may be significantly negatively impacted by global financial markets and geopolitical events. The Foundation will use its best efforts to reach the fundraising target by implementing annual strategies that will include:

a) **Increase donor engagement.**

   1) Utilize the University President, Provost, Deans and Program Directors in strategic donor outreach at the six-figure level and above.
   2) Engage the UConn Board of Trustees, UConn Foundation Board of Directors, and UConn Health Board of Directors in the cultivation, solicitation, and stewardship of major and principal gift prospects.
   3) Continue to bring awareness of the needs of UConn’s diverse community to a broad range of donors and key prospects.
   4) Continue to focus on building customized engagement strategies for principal gift donors and prospects, understanding this group will have a disproportionate impact on the ability to reach and exceed goals.
   5) Increase contact and deepen engagement of donors and prospects at the $50K+ rated level through more efficient deployment of appropriate numbers of full-time frontline fundraisers, effectively utilizing prospect research and screening data to drive activity in communities that are densely populated with rated alumni, parents, and friends.
   6) Facilitate stronger collaboration in donor strategy working across the Foundation and the University, using prospect management meetings to review and discuss the status of top donor strategies and package comprehensive proposals. Engage Deans and directors in strategy discussions and direct implementation of fundraising. Increase engagement of University President and Provost with key University stakeholders.
   7) Continue to focus on increasing overall alumni and donor count using business intelligence and enhanced annual giving strategy.
   8) Build on ongoing planning activities (e.g., constituent data analysis, staffing analysis, and technology enhancements) for a significant and concerted fundraising effort for the benefit of the University (“Campaign”). Work with the Foundation’s chosen campaign consultant, the Deans, and appropriate University administration to build campaign themes, organize them around University priorities, and deliver a compelling campaign case statement.

b) **Increase alumni engagement.**
1) Align alumni programming with key university stakeholders (enrollment management, career services, athletics, and student affairs and regional campuses) to create a variety of programming for diverse communities of alumni.

2) Initiate alumni engagement rate as a measure of success in preparation for campaign.

3) Enhance event/program conceptualization and planning to be inclusive of BIPOC constituents and heighten BIPOC alumni, families, and friends' participation and engagement.

4) Leverage the engagement scorecard, net promoter score, and Strike zone for prospects for use in tracking success of alumni programs, defining strategic areas of focus, and conducting personal visits.

5) Utilize comprehensive alumni data to launch the regional engagement event strategy with focus on seven target cities and Connecticut.

6) Develop programs for UConn students to educate them on how to engage as active alumni through programming, volunteering, and giving.

7) Execute outreach and engagement programs to promote the value of philanthropy, increase constituent giving, and support pipeline development.

c) Align fundraising efforts with the University’s priorities, which are expected to include, without limitation, support for the following:

1) Programs related to student success including, without limitation, scholarships and fellowships, financial literacy, food security, mental health and wellness, and experiential learning;

2) Programs related to global human rights, social justice, and areas of interest to our Black, Indigenous, People of Color (“BIPOC”) constituents;

3) Involve regional campus directors in identifying their key initiatives that impact and enhance student success both on their campus and in the surrounding community.

4) Entrepreneurship across the University population, including undergraduate, graduate, faculty, and alumni/friends and regional campuses.

5) University sustainability, including education (e.g., professorships, scholarships), research, outreach and engagement, and campus(es) infrastructure; and

6) Use reasonable efforts to raise gifts and commitments for student support, including, but not limited to, scholarships, assistantships, fellowships, awards, and prizes, that equal not less than fifteen percent (15%) of the total amount of all gifts and commitments raised during the Period.

d) Enhance external and internal communications.

1) Help educate the University community about the important role of cultivating and stewarding private support.

2) Continue to develop fundraising focused material related to strategic priorities of the University.

3) Align event marketing strategy with alumni goals to increase engagement.

4) Coordinate communications to alumni, donors, and friends with the University.

5) Work with UConn Strong (a separate 501(c)(4) organization established by University volunteers to promote the impact the University of Connecticut and its students, faculty, staff and organizations have on the well-being of the residents, culture and economy of the state of Connecticut) to educate the general public, including lawmakers and community leaders, regarding the important roles of the UConn Foundation and University.

e) Increase operational efficiencies.

1) Strengthen stewardship for donors at various levels, including $1K or more annual donors, as well as lifetime donors of $100K or more.

2) Optimize staffing and increase investment in staff training to develop a high-performing Foundation operation.

3) Monitor and align as necessary our endowed faculty minimum gift guidelines with national peers and best practices.

4. Investment Benchmarks

The Foundation in its discretion will establish appropriate investment benchmarks for assets invested for the benefit of the University, both those owned by the Foundation and those owned by the University. The Foundation will provide to the
University’s President and Executive Vice President for Finance and Chief Financial Officer a summary report of its investment risk and return benchmarks during the Period. The Foundation will use reasonable efforts to maintain the following benchmarks during the Period:

a) The target return on Foundation investments will be five- and three-quarter percent (5.75%) plus inflation.
b) Volatility is expected to be consistent with the risk associated with exceeding the return of the portfolio benchmark noted above, calculated as the weighted average performance of the asset class benchmarks defined in the Foundation’s Investment Policy Statement.
c) Risk is expected to be measured by the annualized standard deviation of returns over a market cycle of seven to ten years.

5. **State Contract Requirements**

The state contracting requirements set forth in Section 10 of the Agreement are incorporated herein by reference, to the extent necessary.

6. **Amendment**

This SOW may be modified or amended in whole or in part by mutual written agreement signed by duly authorized representatives of each of the parties.

7. **Governing Law**

This SOW is governed by the laws of the State of Connecticut. If there shall be any inconsistency between the provisions of this SOW and the Agreement, the provisions of the Agreement shall control.

8. **Counterparts and Electronic Signatures**

This SOW may be executed by electronic signature and/or in two (2) or more counterparts, each of which will be deemed an original instrument, but all of which will constitute one and the same agreement.

1.0 Relationship of the Parties

1.1 The University and the Foundation acknowledge that the University is a constituent unit of the State of Connecticut’s system of public higher education, as defined in CONN. GEN. STAT. §10a-1, and is responsible for the governance and administration of all the schools, colleges, divisions and departments of all the University’s campuses (including, without limitation, the University Health Center); and the Foundation is an independent Connecticut non-stock corporation exempt from federal taxation under Section 501(c)(3) of the Code, and a “foundation” as defined under CONN. GEN. STAT § 4-37e(2); that each entity is governed by separate governing boards; that each entity is permitted only to deposit funds to their respective accounts which are properly designated for that specific entity; and that each entity is subject to separate accounting, disbursement, and disclosure requirements as a matter of internal governance regulations and applicable state and federal law.

1.2 The Foundation and University are each independent entities and agree that neither shall have any liability for the obligations, acts or omissions of the other party, or the other’s trustees, directors, officers, employees and agents.

1.3 The Foundation will be governed, in accordance with its bylaws as amended from time to time, by a volunteer board of elected directors, which includes the following ex-officio non-voting (except as otherwise indicated) directors: the President of the University, the University’s chief academic officer, a senior administrator from the University Health Center, the chief financial officer of the University, a chief administrator from the Department of Athletics, the Chair of the Institutional Advancement Committee of the University Board of Trustees or any other member of the Institutional Advancement Committee as designated by the Chair of the Institutional Advancement Committee, the President of the Foundation (voting), a student enrolled at the University and elected by enrolled students, and a faculty member of the University (elected by the faculty). With respect to the University positions serving as ex-officio members of the Foundation board of directors, the positions will be identified consistent with titles in the University’s
bylaws as amended by the University from time to time. The Foundation reserves all rights and powers granted to it under its charter and bylaws, the Connecticut non-stock corporation law and federal law.

1.4 This Agreement provides the terms and conditions of the relationship between the University and Foundation. From time to time, but in no event less frequently than once every five years, the Foundation and University will enter into statements of work (each, a “SOW”) which outline the specific fundraising, investment management, alumni relations activities and other related goals and objectives that the University and Foundation have agreed upon and the annual amount agreed to be paid (if any) to the Foundation for each fiscal year (Fiscal Year: July 1 – June 30) in consideration of the Foundation’s fundraising, investment management, alumni relations and other related services described in this Agreement.

1.5 The University and the Foundation will use their best efforts to ensure that Foundation activities contemplated by this Agreement comply with the Internal Revenue Code, particularly, Section 501(c)(3) and its regulations, and applicable state law, including without limitation CONN. GEN. STAT. § 21a-175 et seq.

1.6 The Foundation in its discretion will assign Foundation employees to work primarily with the University’s alumni and other potential donors and with the administration and faculty of particular University schools, colleges and programs for the activities contemplated by this Agreement. The Foundation agrees that it will collaborate with the Deans and Directors of such schools, colleges, and programs in establishing objectives and performance expectations of such employees. As an independent organization the Foundation has the authority to hire employees and otherwise develop its own human resources infrastructure and compensation policies to accomplish the mission of the Foundation.

In such cases, the University shall request prior approval from the Foundation for the use of these services. The parties agree that the Foundation will be entitled to reasonable and appropriate compensation for such services. The University and the Foundation agree to make no commitment to a third party on behalf of the other without expressed prior written permission of such other party.

2.0 Fundraising Services

2.1 The University designates the Foundation as the primary entity to raise private financial support, manage philanthropic assets, and steward donors in support of the University. All University fundraising shall be directed by the Foundation. The parties will work
closely to create a culture of philanthropy and provide the transformational support necessary for UConn to achieve its aspirations within all of the University’s schools, colleges, athletic programs and the University Health Center. The University will engage the Foundation in strategic planning to develop University and unit priorities, long-range goals and associated fundraising needs. The University will advise and include the Foundation in matters related to the University’s marketing, branding and other communications strategies to the extent that they are relevant to the Foundation’s mission of supporting the University.

2.2 As set forth in a SOW entered into between the parties from time to time, the Foundation will use its best efforts to increase total voluntary support (gifts raised by the Foundation, the UConn Law School Foundation, and the University (including non-governmental philanthropic research grants)); the Foundation will strengthen its principal, major, planned, and corporate and foundation giving programs; and the Foundation will also use its best efforts to enhance prospect identification, alumni participation rates, donor retention rates, and volunteer engagement.

3.0 Acceptance and Stewardship of Gifts

3.1 The Foundation will in its discretion establish and maintain gift acceptance policies. The Foundation shall make its best efforts to ensure that any monies received by the Foundation and defined in CONN. GEN. STAT. § 4-37g as “funds for deposit and retention in state accounts” are transferred to the University in a timely manner. The University and Foundation will jointly develop and maintain guidelines for determining the proper deposit of funds.

3.2 The Foundation will provide receipts and acknowledgments, as required by the Code, for all private gifts made for the benefit of the University, including gifts that will be assets of the University.

3.3 The Foundation will be responsible for coordinating University and Foundation activities related to thanking, acknowledging and stewarding donors. The University will assist the Foundation in such activity by, without limitation, providing to the Foundation, upon request, appropriate information on the use of charitable funds by the University.

3.4 The Foundation owns a private home located at 61 Scarborough Street in Hartford, Connecticut (“Foundation House”). The primary purpose of Foundation House is to advance the mission of the Foundation in support of the University by supporting fundraising, stewardship and engagement activities. For so long as the Foundation chooses to own Foundation House, it may be made available by the Foundation, in its discretion, to the University in support of University business under the terms of a separate agreement between the parties establishing terms and conditions for Foundation House’s use.

3.5 As appropriate, and in the best interest of the University, the Foundation in its discretion and in consultation with University Communications will be responsible for arranging
press conferences, releases, print, web, radio, and television communications to acknowledge significant gifts to all University schools, colleges, departments and units.

4.0 Investment of Funds

4.1 The University and the Foundation entered a separate Endowment Management Agreement, dated April 28, 1996, authorizing the Foundation to manage endowed funds donated directly to the University as the University’s agent. This Agreement replaces and supersedes the Endowment Management Agreement in its entirety. The University designates the Foundation as the investment manager of all University endowment and quasi-endowment fund assets. The Foundation will in its sole discretion maintain and modify investment and spending policies for such University endowment fund assets and for all Foundation assets (both endowed and non-endowed) that adhere to applicable federal and state laws, including the Uniform Prudent Investor Act (CONN. GEN. STAT § 45-541 et seq.) and the Uniform Prudent Management of Institutional Funds Act (CONN. GEN. STAT. § 45a-535 et seq.). The Foundation as agent for the University in managing University endowment fund assets shall also have the following powers:

(a) To invest and re-invest the University endowment assets in such securities and property as are from time to time legal investments for the Foundation;

(b) To purchase, manage and sell property;

(c) To exercise all conversion and subscription rights pertaining to any property;

(d) To exercise all voting rights with respect to any investment and to grant proxies, discretionary or otherwise;

(e) To cause any investments to be registered and held in the name of one or more of its nominees, or one or more nominees of any system for the central handling of securities, without increase or decrease of liability;

(f) To collect and receive any and all money and other property due to the University endowment assets and to give full discharge therefore;

(g) To commence or defend suits or legal proceedings to protect any interest of the University endowment assets; and to represent the University endowment assets in all suits or legal proceedings in any court or before any other body or tribunal, except that to the extent the interests of the University are implicated in any such suit or proceeding, the Office of the University’s General Counsel and the Office of the Attorney General shall be notified of such suit or proceeding and shall provide legal representation to the University in connection therewith;

(h) To employ agents and depositaries, to delegate to them discretionary powers, to compensate them for their services and to reimburse their reasonable expenses; and
(i) Generally to do all acts, whether or not expressly authorized, which the Foundation may deem necessary or desirable for the protection of the University endowment assets.

4.2 The Foundation's current endowment investment and spending policies aim to preserve intergenerational equity (purchasing power) and provide a relatively stable spending stream to meet the needs of the University and comply with donor intent. The Foundation will, in its discretion, establish and achieve a reasonable endowment benchmark rate of return based on prudent levels of risk, targeted spending and an inflation factor calculated over a relevant rolling period. Such returns may also be benchmarked, in the Foundation's discretion, for a risk adjusted return defined by strategic asset allocation policy long-term targets using measurable market and manager benchmarks. Specific benchmarks may be identified in a SOW.

4.3 The Foundation's current non-endowed investment policy aims to provide sufficient liquidity and preserve capital for University needs. Specific benchmarks may be identified in a SOW.

4.4 The Foundation also agrees that it will act as the University's agent for gifts of securities or other non-cash gifts that are donated to the University with the intention to be liquidated.

4.5 The Foundation will maintain such reasonable operating reserve as it determines appropriate to ensure continuity of its business operations in periods of economic uncertainty.

5.0 Expenditure of Funds

5.1 The University will use its best efforts to ensure that all available Foundation funds are timely utilized in accordance with donor intent. The Foundation will only approve disbursement requests received from the University that are properly authorized and in compliance with Foundation disbursement policies, which may include, without limitation, requirements that the request: complies with all donor imposed restrictions on the fund; supports the University's mission and programs; represents a reasonable, legitimate and arm's length business transaction; is properly authorized in the context of CONN. GEN. STAT. § 4-37e et seq.; and is compliant with all state laws applicable to University employees.

5.2 Annually, the President of the University shall certify to the Foundation a list (which shall be updated as changes occur) of University employees who are authorized to request disbursements from the Foundation ("Authorized Officials"). Requests for disbursements by the Foundation from an Authorized Official shall constitute a representation and certification by the Authorized Official that the disbursement is being made in accordance with University policies and procedures.
5.3 Requests for disbursement from the Foundation for the benefit of University employees or officers for any salary, fee, fringe benefit, loan or other compensation item (collectively "Compensation Items") must be approved by the University President or his or her delegate, and paid by the Foundation, in accordance with CONN. GEN. STAT. § 4-37i and the University’s Policy Regarding Financial Transactions with the Foundation, adopted by the University Board of Trustees, and as amended from time to time ("University’s Policy Regarding Financial Transactions with the Foundation") which defines the proper use of the Foundation’s fiscal services. Requests for disbursement from the Foundation for the benefit of the University President for any Compensation Item due him or her must be approved by the Chairman of the University Board of Trustees in accordance with CONN. GEN. STAT. § 4-37i and the University’s Policy Regarding Financial Transactions with the Foundation.

5.4 The Foundation agrees to provide to the University, on a semi-annual basis, a summary of all fund balances held for the benefit of the University, disbursements provided to the University, and expenditures made on behalf of the University to third parties during the preceding six months.

5.5 In order to assist the University in its reporting responsibilities, the Foundation agrees to report annually to the University Controller all fixed asset expenditures made on behalf of the University.

6.0 Alumni Relations Activities

6.1 Roles and Responsibilities: The University and the Foundation recognize that alumni are key stakeholders of the University who provide valuable perspective to University leaders and are a source of significant support for the University’s goals. The Foundation will use its best efforts to foster the continued connection between the University and its alumni and cultivate and steward alumni relationships for the University by organizing programs, activities and communications that are in the best interests of the University and in furtherance of the goals and objectives as may be set forth in a SOW entered into between the parties from time to time.

6.2 Alumni Center: The University and the Foundation acknowledge the importance of, and agree to work in good faith to have and maintain, a center for alumni on the University’s Storrs campus. The location of and manner in which such center will be used and maintained by the University and the Foundation are set forth in a separate Lease Agreement effective as of October 22, 2015 which documents the terms and conditions for the Foundation’s use of the center.

6.3 Affinity Relationships: The University acknowledges that the Foundation’s performance of alumni relations activities may be supported, in part, by affinity programs (including but not limited to alumni insurance and credit card programs) and corporate sponsorships mutually acceptable to the University and the Foundation. The University agrees to consider, in good faith, use of the University’s name, logo, seal, and other marks in
connection with such affinity programs and corporate sponsorships, which such use will be subject to the prior review and written approval of the University.

(a) The University agrees that no other University school, college, department or unit will be authorized to offer an affinity insurance or credit card program without the consent of the Foundation.

(b) The Foundation will be responsible for operating the University license plate program offered through the State of Connecticut Department of Motor Vehicles and will in its sole discretion determine the purpose and use of any revenue generated by the program.

6.4 Trustee Elections: In furtherance of the University’s Board of Trustees’ designation of the Foundation as the “alumni association” of the University for purposes of participating in elections of University graduates to the University’s Board of Trustees pursuant to Connecticut General Statutes § 10a-103, the Foundation will, in coordination with the University, perform the duties, and exercise the powers, as are set forth in Connecticut General Statutes § 10a-103. The University will be responsible for payment of any expenses associated with the production and mailing of ballots required to conduct the election.

7.0 Compensation for Foundation Services

7.1 In consideration for the Foundation’s fundraising, investment management, alumni relations and other related services described herein the University will provide the following compensation:

(a) Service Fee: The University will provide a payment to support the Foundation’s general operations as agreed upon in a SOW.

(b) Endowment Administrative Fee: The Foundation may assess an endowment administrative fee on Foundation endowment and University endowment funds as determined in the Foundation’s discretion. The current rate for such fees will be provided in a SOW.

(c) Gift Fees: The Foundation in its discretion may assess gift fees on new gifts received. The current rate for such fees will be provided in a SOW.

(d) Retained Earnings: The Foundation will retain all investment earnings on non-endowed funds.

(e) Foundation Funds: University schools, colleges, departments, and units that are authorized to expend Foundation funds may, with the agreement of the Foundation, designate such Foundation funds to support Foundation operating expenses supporting the school, college, department or unit.
7.2 The University will also provide the following in-kind support without fee, charge, or reimbursement:

(a) **Alumni Lists:** The University agrees to provide an electronic interface to enable the Foundation to extract, on a regular basis and in an automated fashion exclusively for the purpose of enabling the Foundation to achieve its mission, which mission may require, without limitation, the release of such information to third parties, the following: (1) student directory information pertaining to current and past University students consistent with its established Family Educational Rights and Privacy Act of 1974 (20 U.S.C. §1232g; 34 CFR Part 99) ("FERPA") policy, (2) demographic information and protected health information pertaining to current and past patients of the University’s Health Center ("Patient Information") consistent with the Health Insurance Portability and Accountability Act ("HIPAA") of 1996 and related rules and regulations related to institutionally related foundations, as amended from time to time, (3) University employee names and campus contact information consistent with University personnel policies, (4) University students’ parents’ contact information, exclusive of any parents who have opted out of providing such information for Foundation purposes.

(b) **Computer Network & Telecommunications Infrastructure:** The University will provide to the Foundation standard University network and telecommunications infrastructure including, but not limited to, networking, internet access (including bandwidth), and server rack space and power in the same manner as are provided to University schools, colleges, departments, and units. (c) **Event Planning:** The University will provide standard University Event services to the Foundation to assist in its fundraising and stewardship efforts.

(d) **Facilities:** Employees of the Foundation will have the same privileges for parking and the use of University facilities as similarly situated employees of the University. Facilities include, but are not limited to, recreational and library facilities. The University will provide office space, furniture, printers, photocopiers, telephone service, storage space, and utilities used by Foundation employees assigned to fundraise for, and physically work in, the University’s schools, colleges, departments, and units. The Foundation agrees that it will advise Foundation employees against the misuse or abuse of state equipment, including the prohibition against the use of state equipment for personal purposes, and require employees to report any misuse of which they become aware.
Pursuant to a Land Lease dated November 1, 1998, the University leased land located at 2390 Alumni Drive, Storrs, Connecticut to the Foundation for the purpose of constructing the Foundation’s main office building, which is owned and operated by the Foundation. The Land Lease remains in effect in accordance with its terms. The University and the Foundation may enter into separate agreements from time to time providing for maintenance, landscaping, and similar services to be provided by the University for the Foundation’s main office building.

(e) **University Personnel:** The University agrees to allow the Foundation to utilize University employees for the Foundation’s fundraising and alumni relations activities without additional compensation or reimbursement from the Foundation (except that out of pocket business expenses incurred thereby may be reimbursed by the Foundation in accordance with its policies) including, without limitation, the President, Provost, Assistant and Associate Vice Provosts, Executive Vice Presidents, Vice Presidents, Associate Vice Presidents, Deans, Director of Athletics, Directors, Associate Directors Department Heads, faculty and support staff. The University also agrees that the Foundation is allowed to utilize University employees (including those of the University Health Center) presently employed in positions that are primarily fundraising and alumni relations positions, for the Foundation’s fundraising and alumni relations provided that in the event the incumbents in such primarily fundraising and alumni relations positions are no longer employed in such positions by the University, and the Foundation chooses to hire a new employee to perform the Foundation-related duties of this position, the new hire will be a Foundation employee, subject to restrictions imposed by any applicable collective bargaining agreement.

(f) **Mail Services:** To the extent that it can do so, consistent with U.S. Postal Service statutes and regulations, the Foundation may use the University's mail system.

(g) **Intellectual Property:** The University agrees that the Foundation may in connection with its lawful business and activities use the name of the University as well as the University’s logo, seal, and other marks consistent with University restrictions applicable to University departments; provided that any use of the University’s name, logo, seal and other marks in connection with affinity programs and corporate sponsorships is subject to Section 6.3 hereof and, as provided therein, will be subject to the University’s prior review and written approval.

7.3 Except as otherwise provided herein or agreed to by the parties, the Foundation will reimburse the University for expenses the University incurs as a result of Foundation operations, if the University would not have otherwise incurred such expenses including, without limitation, expenses related to the maintenance and operation of the Foundation’s facilities. The Foundation may in its discretion and subject to its policies make its facilities available to University schools, colleges, departments, and units (and organizations which are affiliated with the University and which support the furtherance
of the University’s purpose) for events and programs primarily related to fundraising, alumni relations activities and other meetings. The Foundation may charge any fees for such usage directly to the relevant school, college, department, unit or organization.

This will include, without limitation, a comprehensive, secure, state-of-the art electronic prospect management system and donor database, for which the Foundation will establish and maintain data integrity standards.

Any such Foundation information, records, documents or other materials including, without limitation, those maintained by the Foundation will not be deemed public records and shall not be subject to disclosure pursuant to CONN. GEN. STAT. § 1-210. The Foundation will establish and enforce policies to protect the confidentiality of its records to the fullest extent allowable by law.

8.3 The Foundation may release information to third-parties exclusively for the purpose of accomplishing its mission provided that any such release is consistent with Foundation policies and applicable provisions of law, including without limitation, the applicable provisions of FERPA and HIPAA.

8.4 Without limiting the foregoing, the Foundation agrees (1) to enter into a data use and confidentiality agreement with any third-parties that will receive Patient Information, requiring such third-parties to hold such Patient Information confidential and to implement safeguards against further disclosure in a manner consistent with HIPAA, or (2) to allow the University to enter into a business associate agreement with such third-parties and permit the University (including the University Health Center) to provide such Patient Information to such third-parties directly. The Foundation agrees that it will include in any fundraising materials sent using Patient Information a description in accordance with HIPAA of how individuals may opt-out of receiving further fundraising communications. The Foundation also agrees to honor opt-out requests received. The Foundation agrees to maintain any Patient Information received from the University in a manner consistent with the requirements of 45 C.F.R. Parts 160 and 164 (the “HIPAA Privacy Rule”) pertaining to institutionally related foundations. The Foundation agrees to establish processes and procedures sufficient to limit access to such Patient Information to Foundation personnel with a need to access such information. The University, through the University Health Center’s Privacy and Security Offices, agrees to periodically offer, and provide at no cost to the Foundation, training to Foundation personnel on the HIPAA Privacy Rule and its implications for institutionally related foundations and the
Foundation will require Foundation personnel who will have access to Patient Information to attend such HIPAA training.

8.5 The Foundation agrees not to share or disclose information with third parties in a manner inconsistent with this Agreement, unless required to do so by law or other agency regulations.

9.2 The Foundation will permit the University’s AMAS office to conduct, if it so chooses, an annual examination of Foundation disbursements for compliance with the University’s Policy Regarding Financial Transactions with the Foundation. The Foundation will also permit AMAS to conduct, if it so chooses, a post-deposit review of any gift, including reviewing checks, gifts, agreements and other supporting documentation for compliance with CONN. GEN. STAT. § 4-37e et seq. and the policy concerning the University Role and Review of Foundation Deposit of Funds, approved by the University and Foundation as of August 2006, as amended from time to time.
