FROM: Lloyd A. Blanchard   
Interim Vice President for Finance and Chief Financial Officer

RE: Designation of Authorized Officers for UCONN 2000 General Obligation and Special  
Obligation Bonds

**RECOMMENDATION:**

That the Board of Trustees add additional designated Authorized Officers for certain actions, pursuant to Connecticut General Statute 10(a)-109g, the General Obligation Master Indenture of Trust, dated as of November 1, 1995, as amended (the "GO Indenture"), and the Special Obligation Master Indenture of Trust, dated as of January 1, 1997, as amended (the "Special Obligation Indenture" and together with the GO Indenture, the "Indentures"). The Administration recommends that the Board of Trustees adopt the Resolution below.

**RESOLUTION:**

"Be it resolved that the Board of Trustees approve the Associate Vice President, Financial Operations and Controller as an Authorized Officer for the purposes of making disbursements and investments only under the Indentures; the University's Director of Tax and Compliance as an Authorized Officer for the purpose of making disbursements only under the Indentures; and the University's Director/University Bursar as an Authorized Officer for the purpose of making investments only under the Indentures."

**BACKGROUND:**

The Authorized Officers are delegated by the Board of Trustees to perform certain actions on behalf of the University under the Indentures, as required under Connecticut General Statute 10(a)-109g . Due to the retirement of the current Manager of Treasury Services, who is currently authorized to make disbursements and investments, it is necessary to delegate authority to additional positions at the University to continue the day-to-day management of the bonding program. Therefore, the following positions have been identified to perform the actions as specified under the Indentures:

- Associate Vice President, Financial Operations and Controller: change from disbursements only to disbursements and investments only
- University's Director of Tax and Compliance: add disbursements only
- University Director/University Bursar: add investments only

**RESOLUTION AUTHORIZING ADDITIONAL  
OFFICERS TO PERFORM CERTAIN ACTIONS UNDER THE GENERAL OBLIGATION  
MASTER INDENTURE OF TRUST AND THE SPECIAL OBLIGATION INDENTURE OF  
TRUST**

**WHEREAS**, the General Obligation Master Indenture of Trust, dated as of November 1, 1995 by and between the University of Connecticut (the “University”) and U.S. Bank National Association, as amended and supplemented (the “GO Indenture”), defines which University officers are authorized to perform certain actions under the GO Indenture; and

**WHEREAS**, the Special Obligation Indenture of Trust, dated as of January 1, 1997 by and between the University and U.S. Bank National Association, as amended and supplemented (the “SO Indenture,” together with the GO Indenture, collectively referred to herein as the “Indentures”), defines which University officers are authorized to perform certain actions under the SO Indenture; and

**WHEREAS**, the Indentures both state that an “Authorized Officer” means, in the case of the University, amongst others, Manager of Treasury Services (for the purpose of making disbursements and investments only), the Controller (for the purpose of making disbursements only), or any other person duly authorized by the bylaws or resolution of the University to perform the Act or sign the document in question; and

**WHEREAS**, the University desires to designate additional officers authorized to make disbursements and investments under the Indentures.

**NOW THEREFORE, BE IT RESOLVED** by the Board of Trustees of the University as follows:

That the University’s Associate Vice President, Financial Operations and Controller shall be an Authorized Officer for the purposes of making disbursements and investments only under the Indentures; the University’s Director of Tax and Compliance shall be an Authorized Officer for the purpose of making disbursements only under the Indentures and the University’s Director / University Bursar shall be an Authorized Officer for the purpose of making investments only under the Indentures.

This Resolution shall take effect upon adoption by the Board of Trustees.

RE: Project Budget for Mirror Lake Improvements (Design: \$1,600,000)

RECOMMENDATION:

That the Board of Trustees approve the Design Budget of \$1,600,000, as detailed in the attached project budget, for the Mirror Lake Improvements project, for the Design phase. The Administration recommends that the Board of Trustees adopt the Resolution below.

RESOLUTION:

“Be it resolved that the Board of Trustees approve the use of \$1,600,000 in UCONN 2000 bond funds for the Mirror Lake Improvements project.”

BACKGROUND:

Mirror Lake has been a beloved and historic campus landmark since 1922. After decades of deferred maintenance, 75 years of accumulating silt, sediment and pollutants, significant campus development within its watershed over the same period, and a dam that has become a life safety hazard, various improvements to Mirror Lake are now critical. Numerous studies have included, but are not limited to, an unimplemented dredging plan in 2012, the completion of campus drainage master plan in 2018, a dam inspection report in 2020 and a feasibility study that concluded in 2021.

This project will design and construct improvements that were identified in the feasibility study and satisfy requirements of a MOU between UConn and DEEP for the Roberts Brook watershed. Those necessary improvements will also enable projects in the watershed such as South Campus Residence Hall while helping achieve their respective anticipated schedules.

The Mirror Lake Improvements project is currently in the Planning Phase with anticipated design completion in Fall 2022. Construction is anticipated to begin in Spring 2023 and be complete in Fall 2024. The total project budget will be in the range of \$25,000,000 to \$30,000,000.

The Design Budget is attached for your information.

RE: Project Budget for North Eagleville Road and Discovery Drive Intersection  
Improvements (Final: \$800,000)

RECOMMENDATION:

That the Board of Trustees approve the Final Budget of \$800,000, as detailed in the attached project budget, for the North Eagleville Road and Discovery Drive Intersection Improvements project, for Construction. The project provides essential safety-related improvements to signalization and pedestrian facilities at the intersection of North Eagleville Road and Discovery Drive. As their signalization controls are linked, additional work at the intersection of North Eagleville Road and Auditorium Road will also be included. The Administration recommends that the Board of Trustees adopt the Resolution below.

RESOLUTION:

“Be it resolved that the Board of Trustees approve the use of \$800,000 in UCONN 2000 Bond funds for the North Eagleville Road and Discovery Drive Intersection Improvements project.”

BACKGROUND:

The signalization at the intersection of North Eagleville Road and Discovery Drive is not fully operational when compared to industry standards and is less safe for pedestrians due to the lack of appropriate controls for those walking eastbound and westbound. The existing poles, arms, signal heads and other traffic control appurtenances are also outdated and not up to the standards of those at other intersections nearby.

This scope of this project includes, but is not limited to:

1. Pedestrian signal heads and push button pedestals
2. A dedicated left turn signal head for eastbound traffic on North Eagleville Road onto Discovery Drive

3. New poles, mast arms and traffic control appurtenances for the intersections of North Eagleville Road with Discovery Drive and Auditorium Road
4. Associated curb ramp and crosswalk improvements

The estimated total project cost is \$800,000. The Final Budget is based on a cost estimate that was prepared by the design consultant with additional contingency added due to the uncertainty of market conditions and the procurement of long lead time materials. Design review by the CT Department of Transportation did not require additional project scope. Bid documents will be issued to prequalified contractors upon adoption of this Resolution.

The Final Budget is attached for your information.

RE: Project Budget for Atwater Laboratory Emergency Power Installation  
(Revised Final: \$603,000)

RECOMMENDATION:

That the Board of Trustees approve the Revised Final Budget of \$603,000 as detailed in the attached project budget, for Atwater Laboratory Emergency Power Installation for Construction. The Administration recommends that the Board of Trustees adopt the Resolution below.

RESOLUTION:

“Be it resolved that the Board of Trustees approve the use of \$603,000 in University Funds for Atwater Laboratory Emergency Power Installation project; and approve the request for a waiver of the three-stage budget approval process to allow construction to proceed after bids have been received and evaluated for conformance with the project scope and budget.”

BACKGROUND:

Atwater Pathobiology building is a 44,000 gross square foot building located on North Eagleville Road. The building houses laboratories, offices, and classrooms. The building was originally built in the 1930 with several additions and renovations; the latest renovation was in 1989. The building is on the National Historic Register.

The Atwater Building’s current electrical generator has reached the end of its useful life and should be replaced due to age and degradation. This project would remove and replace the existing electrical generator and also upgrade the manual transfer switch with an automatic transfer switch.

The Final Revised Budget is based on actual bids received. The University requests a waiver to the three-phase budget approval process to enable construction to start as soon as possible. The current schedule anticipates construction will begin in November 2021, and will be completed in Fall 2022.

The Final Revised Budget is attached for your information.

October 27, 2021

TO: Members of the Board of Trustees  
FROM: Del Siegle, Chair, Senate Executive Committee   
RE: Notification of Proposed Changes to the *By-Laws of the University of Connecticut*

RECOMMENDATION:

That the Board of Trustees amend the *By-Laws of the University of Connecticut* Article IX – The University Senate.

BACKGROUND:

The *By-Laws of the University of Connecticut* may be amended at any regular meeting of the Board by a recorded majority of all members of the Board provided that notice of any proposed amendment, including a draft thereof, shall have been given at a previous regular meeting. This document represents such notice and the resolution calling for the described amendments should be acted upon at one of the next three meetings of the Board.

On October 4, 2021, the University Senate passed two recommendations to amend Sections A, B.3, and G of Article IX in the *By-Laws*. The first recommendation, to Sections A and B.3, asks the Board to increase professional staff representation on the University Senate from 9 seats to 17 seats. The second recommendation, to Section G, asks the Board to add a second professional staff seat to the Senate Executive Committee.

For the information of the Board, also attached is the original language of Article IX, with indications of the proposed amendments.

## Article IX – The University Senate

(Deleted items struck through, new language underlined)

### A. Membership

The University Senate shall consist of *ex officio* and elected members. The *ex officio* members shall be the President, the Provost, all Vice Presidents, except the Executive Vice President for Health Affairs, and all Vice Provosts. These *ex officio* members shall not vote.

The Senate shall contain ~~ninety-one~~ ninety-nine elected, voting members, as follows:

1. Three deans of the schools and colleges, which are Senate electoral constituencies (see Section B below).
2. Seventy-two members of the faculty elected according to one or the other of the two faculty electoral processes described in Section B.2. below.
3. ~~Nine~~ Seventeen professional staff members elected by and from the constituencies described in Section B.3. below.
4. Five undergraduate students (see Section B.4 below).
5. Two graduate students (see Section B.5. below).

### B. Elections

3. The professional staff members shall be elected according to procedures approved by the Provost and Executive Vice President for Academic Affairs from ~~four~~ seven constituencies as described below. Staff members are ineligible to stand for election or to vote in the first regular election following their initial appointment to the staff.
  - a. Academic Development (excluding regional campuses), who shall elect two senators.
  - ~~a.~~ b. Division of Student Affairs and Enrollment Planning and Management (excluding regional campuses), who shall elect two senators.
  - ~~b.~~ c. University libraries (excluding regional campuses), who shall elect one senator.

~~e.~~ d. Regional campuses, who shall elect ~~one~~ **four** senators; **one per campus for Avery Point, Hartford (to include Hartford, Social Work and School of Law), Stamford, Waterbury.**

e. **Schools/Colleges (excluding regional campuses), who shall elect one senator.**

f. **Division of Student Affairs (excluding regional campuses), who shall elect two senators.**

~~d.~~ g. All professional staff shall elect five at-large senators.

## G. Committees

### 1. The Senate Executive Committee

The Senate Executive Committee (SEC) shall consist of eight faculty members, ~~one~~ **two** professional staff members, and one undergraduate and one graduate student member. The faculty and professional staff members shall be elected by the Senate from among the elected members of the Senate who are not primarily administrators. Department heads and directors are not regarded as primarily administrators. The undergraduate and graduate members shall be selected from among and by all student members of the Senate. The Undergraduate Student Government and Graduate Student Senate Presidents or their student Senate member designee will serve as the interim student representatives to the Senate Executive Committee during the summer months until the permanent members are selected.

Elections shall follow the annual election of such members and shall normally take place in April. For faculty and professional staff members, a term of service on the Executive Committee shall begin on July 1 and shall be for three years. The term of membership in the Senate of a faculty or professional staff representative elected to the Executive Committee shall be automatically extended, if necessary, to be co-terminal. For the student member, the term of service shall be one year, renewable to a maximum of three consecutive years. After the annual election, the Senate shall elect one of the ~~nine~~ **ten** faculty and professional staff members to serve as Chair of the SEC for a one-year term, which may be renewed. A vacancy on the SEC shall be filled by election for the duration of the vacancy.
